Inaugural ASNO-SNO Clinical Trials Scholars Course & Workshop for Neuro-Oncology Professionals

A joint ASNO-SNO Initiative

Part 1

27th & 28th JANUARY 2023

Didactic Lectures and Interactive Sessions

Part 2

JUNE / JULY 2023

Protocol Development

Overview

About the Course

- Specifically designed for young faculty/early career professionals in Neuro Oncology
- ASNO and LMIC regions
- Address the barriers and opportunities through education and training
- Educational resources to **key champions** within ASNO to advance **Clinical Research in Neuro-Oncology**
- Presentations and panel discussions
- Involve ASNO Members who have successfully launched research efforts

Educational Goals

- Improve understanding of the challenges and opportunities to launching a clinical research programme in a field of neuro oncology
- Understanding the fundamentals of various clinical research efforts
- Design and conduct of therapeutic and non therapeutic clinical trials/registries, QOL studies etc. relevant to our landscape

Course Chairs

- ASNO Chairs: **Rakesh Jalali, Ather Enam, Mitsutoshi Nakada**
- SNO Chairs: **Patrick Wen, Susan Chang, Vinay Puduvalli**

Fee

- Part 1: Free for ASNO members & non-members
- Part 2: Free for ASNO members & USD\$50 for non-members

How to attend

- Pre-registration is required, and application information will be announced later.
- Please see the [workshop information page](#) for details and application.

A course & workshop designed for early and mid-level career professionals from all neuro-oncology sub-specialties.

The times indicated below are based on the standard time in Seoul, Korea where the ASNO central office is located.

10:30 am ~
10:40 am

Introduction

ASNO course chairs: Mitsutoshi Nakada, Ather Enam, Rakesh Jalali
SNO course chairs: Patrick Wen, Susan Chang, Vinay Puduvalli

10:40 am ~
11:20 am

Session 1

Investigator Initiated Trials in Neuro Oncology

Tejpal Gupta (Tata Memorial Hospital, Mumbai, India)

11:20 am ~
11:50 am

Session 2

Concept Outlining of a study

(One-line idea into a one-page concept sheet)

Stephen Bagley (University of Pennsylvania, USA)

11:50 am ~
12:30 pm

Session 3a

Understanding data and using it: Biostatistics 1

(Single arm studies, multiple arm studies)

Junki Mizusawa (National Cancer Centre, Tokyo, Japan)

12:30 pm ~
1:10 pm

Session 3b

Understanding data and using it: Biostatistics 2

(Analysis plans, Interpreting Trial Data, Trial end points, biomarkers, translational and correlative studies)

Mei Yin Polley (University of Chicago, USA)

1:10 pm ~
1:40 pm

Session 4

Reviewing the literature

Diana Romero (Chief Editor, Nature Rev Clin Oncol, London, UK)

1:40 pm ~
2:20 pm

Session 5

Protocol Writing

(One-page concept sheet into a full study protocol)

Vinay Puduvalli (MD Anderson Cancer Center, Houston, USA)

2:20 pm ~
2:40 pm

Panel Discussion

Part 1 is free for all ASNO members and non-members.
Part 2 is free for ASNO members and USD\$50 for non-members.

The times indicated below are based on the standard time in Seoul, Korea where the ASNO central office is located.

10:30 am ~ 10:40 am	Introduction <i>ASNO course chairs: Mitsutoshi Nakada, Ather Enam, Rakesh Jalali</i> <i>SNO course chairs: Patrick Wen, Susan Chang, Vinay Puduvalli</i>
10:40 am ~ 11:20 am	Session 1 Clinical outcomes assessments in neuro-oncology clinical trials <i>RANO 2.0</i> Patrick Wen (Dana Farber Cancer Center, Boston, USA) <i>Patient Reported Outcome Measures (PROM)</i> Meera Agar (University of Technology, Sydney, Australia)
11:20 am ~ 12:00 am	Session 2 Conducting clinical trials/studies in specific study populations pertaining to neuro-oncology <i>Neuro surgical Oncology</i> Yoshiki Arakawa (Kyoto University Graduate School of Medicine, Kyoto, Japan) <i>Pediatric Neuro-Oncology</i> Maryam Fouladi (Nationwide Children's Hospital, Ohio, USA)
12:00 am ~ 12:30 pm	Session 3 Infrastructure, funding, managing your study Mustafa Khasraw (Duke Cancer Institute, Durham, USA)
12:30 pm ~ 1:15 pm	Session 4 Safety, regulations, good clinical practices (GCP) Participant information sheet and consent Susan Chang (UCSF Comprehensive Cancer Center, San Francisco, USA) Kevin Chua (National Cancer Centre, Singapore)
1:15 pm ~ 1:45 pm	Session 5 Bridging Academia and the Industry Partners David Reardon (Dana Farber Cancer Center, Boston, USA) Sith Sathornsumetee (Siriraj Hospital, Bangkok, Thailand)
1:45 pm ~ 2:25 pm	Session 6 Researching in ASNO (LMIC/HIC) and engaging for global/multicentric studies/registries <i>HIC - ASNO</i> Chaeyong Kim (Seoul National University College of Medicine, Seoul, South Korea) <i>LMIC - ASNO</i> Vijay Patil (Tata Memorial Hospital, Mumbai, India)
2:25 pm ~ 2:40 pm	Panel Discussion
2:40 pm ~ 2:45 pm	Closing remarks <i>ASNO course chairs: Mitsutoshi Nakada, Ather Enam, Rakesh Jalali</i> <i>SNO course chairs: Patrick Wen, Susan Chang, Vinay Puduvalli</i>

Part 2 is scheduled in June / July 2023.

Pre-registration is required to attend the course & workshop,
and application information will be announced later.
