Inaugural ASNO-SNO Clinical Trials Scholars Course & Workshop for Neuro-Oncology Professionals

A joint ASNO-SNO Initiative

Part 1

27th & 28th JANUARY 2023
Didactic Lectures and Interactive Sessions

Part 2

JUNE / JULY 2023
Protocol Development

Overview

About the Course

- Specifically designed for young faculty/early career professionals in Neuro Oncology
- ASNO and LMIC regions
- Address the barriers and opportunities through education and training
- Educational resources to **key champions** within ASNO to advance **Clinical Research in Neuro-Oncology**
- Presentations and panel discussions
- Involve ASNO Members who have successfully launched research efforts

Educational Goals

- Improve understanding of the challenges and opportunities to launching a clinical research programme in a field of neuro oncology
- Understanding the fundamentals of various clinical research efforts
- Design and conduct of therapeutic and non therapeutic clinical trials/registries, QOL studies etc. relevant to our landscape

Course Chairs & Coordinator

- ASNO Chairs: **Rakesh Jalali, Ather Enam, Mitsutoshi Nakada**
- SNO Chairs: **Patrick Wen, Susan Chang, Vinay Puduvalli**
- Coordinator: **Pankaj Kumar Panda**

Fee

- Part 1: Free for ASNO members & non-members
- Part 2: Free for ASNO members & USD\$50 for non-members

How to attend

- Pre-registration is required. Please click **"Apply for ASNO Workshop"** and join us.
- Please see the **[workshop information page](#)** for details and application.

A course & workshop designed for early and mid-level career professionals from all neuro-oncology sub-specialties.

The times indicated below are based on the standard time in Seoul, Korea where the ASNO central office is located.

Session Chairpersons

Ryo Nishikawa (Nerima-eki Rehabilitation Hospital, Japan)
Se-Hyuk Kim (Ajou University Hospital, South Korea)
Ather Enam (Aga Khan University, Pakistan)
Mitsutoshi Nakada (Kanazawa University, Japan)

10:30 am ~
10:40 am

Introduction

ASNO course chairs: Mitsutoshi Nakada, Ather Enam, Rakesh Jalali
SNO course chairs: Patrick Wen, Susan Chang, Vinay Pudevalli

10:40 am ~
11:20 am

Session 1

Investigator Initiated Trials in Neuro Oncology

Tejpal Gupta (Tata Memorial Hospital, Mumbai, India)

11:20 am ~
11:50 am

Session 2

Concept Outlining of a study (One-line idea into a one-page concept sheet)

Stephen Bagley (University of Pennsylvania, USA)

11:50 am ~
12:30 pm

Session 3a

Understanding data and using it: Biostatistics 1

(Single arm studies, multiple arm studies)

Junki Mizusawa (National Cancer Centre, Tokyo, Japan)

12:30 pm ~
1:10 pm

Session 3b

Understanding data and using it: Biostatistics 2

(Analysis plans, Interpreting Trial Data, Trial end points, biomarkers, translational and correlative studies)

Mei Yin Polley (University of Chicago, USA)

1:10 pm ~
1:40 pm

Session 4

Reviewing the literature

Diana Romero (Chief Editor, Nature Rev Clin Oncol, London, UK)

1:40 pm ~
2:20 pm

Session 5

Protocol Writing (One-page concept sheet into a full study protocol)

Vinay Pudevalli (MD Anderson Cancer Center, Houston, USA)

2:20 pm ~
2:40 pm

Panel Discussion

Topic: Pearls of Protocol writing

Moderators: Ather Enam (Aga Khan University, Pakistan), Mitsutoshi Nakada (Kanazawa University, Japan)

Panelists: Vinay Pudevalli (MD Anderson Cancer Center, USA), Tejpal Gupta (Tata Memorial hospital, India),

Junki Mizusawa (National Cancer Centre, Japan)

Part 1 is free for all ASNO members and non-members.
Part 2 is free for ASNO members and USD\$50 for non-members.

The times indicated below are based on the standard time in Seoul, Korea where the ASNO central office is located.

Session Chairpersons

Zhong-ping Chen (Sun Yat-sen University Cancer Center, China)
Julette Batara (St. Luke's Medical Center, Philippines)
Rakesh Jalali (Apollo Proton Cancer Centre, India)
Aya El Helali (University of Hong Kong, Hong Kong)

10:30 am ~
10:40 am

Introduction

ASNO course chairs: Mitsutoshi Nakada, Ather Enam, Rakesh Jalali
SNO course chairs: Patrick Wen, Susan Chang, Vinay Puduvalli

10:40 am ~
11:00 am

Session 1a

Clinical outcomes assessments in neuro-oncology clinical trials

RANO 2.0 *Patrick Wen (Dana Farber Cancer Center, Boston, USA)*

11:00 am ~
11:20 am

Session 1b

Clinical outcomes assessments in neuro-oncology clinical trials

Patient Reported Outcome Measures (PROM) *Meera Agar (University of Technology, Sydney, Australia)*

11:20 am ~
11:40 am

Session 2a

Conducting clinical trials/studies in specific study populations pertaining to neuro-oncology

Neuro surgical Oncology *Yoshiki Arakawa (Kyoto University Graduate School of Medicine, Kyoto, Japan)*

11:40 am ~
12:00 am

Session 2b

Conducting clinical trials/studies in specific study populations pertaining to neuro-oncology

Pediatric Neuro-Oncology *Maryam Fouladi (Nationwide Children's Hospital, Ohio, USA)*

12:00 am ~
12:30 pm

Session 3

Infrastructure, funding, managing your study

Mustafa Khasraw (Duke Cancer Institute, Durham, USA)

12:30 pm ~
12:50 pm

Session 4a

Safety, regulations, good clinical practices (GCP)

Participant information sheet and consent

Susan Chang (UCSF Comprehensive Cancer Center, San Francisco, USA)

12:50 pm ~ 1:10 pm	Session 4b Safety, regulations, good clinical practices (GCP) Participant information sheet and consent <i>Kevin Chua (National Cancer Centre, Singapore)</i>
1:10 pm ~ 1:30 pm	Session 5a Bridging Academia and the Industry Partners <i>David Reardon (Dana Farber Cancer Center, Boston, USA)</i>
1:30 pm ~ 1:50 pm	Session 5b Bridging Academia and the Industry Partners <i>Sith Sathornsumetee (Siriraj Hospital, Bangkok, Thailand)</i>
1:50 pm ~ 2:10 pm	Session 6a Researching in ASNO (LMIC/HIC) and engaging for global/multicentric studies/registries <i>HIC- ASNO Chaeyong Kim (Seoul National University College of Medicine, Seoul, South Korea)</i>
2:10 pm ~ 2:30 pm	Session 6b Researching in ASNO (LMIC/HIC) and engaging for global/multicentric studies/registries <i>LMIC – ASNO Vijay Patil (Tata Memorial Hospital, Mumbai, India)</i>
2:30 pm ~ 2:50 pm	Panel Discussion Topic: Conducting Quality Clinical Trials in ASNO <i>Moderators: Rakesh Jalali (Apollo Proton Cancer Centre, India), Susan Chang (UCSF Comprehensive Cancer Center, San Francisco, USA)</i> <i>Panelists: Patrick Wen (Dana Farber Cancer Center, Boston, USA), Chaeyong Kim (Seoul National University College of Medicine, Seoul, South Korea), Pankaj Kumar Panda (Apollo Proton Cancer Centre, India)</i>
2:50 pm ~ 2:55 pm	Closing remarks <i>ASNO course chairs: Mitsutoshi Nakada, Ather Enam, Rakesh Jalali</i> <i>SNO course chairs: Patrick Wen, Susan Chang, Vinay Puduvalli</i>

Part 2 is scheduled in June / July 2023.

Pre-registration is required to attend the course & workshop.
Please click ["Apply for ASNO Workshop"](#) and join us.
